About Us

The Toubl Family business—Toubl Game Bird Farms has produced thousands of game birds annually since 1969 for hunting and the specialty food / gourmet meat trade.

TGBF incorporated in 2003 as Toubl Enterprises Incorporated. The business is family-owned and operated by:

- ***Jan R. Toubl, President & CEO***
- ***Karen A. Toubl, Secretary-Treasurer & CFO***
- ***J. Michael Toubl, Vice President & COO***
- ***Jeremy J. Toubl, Vice President of Sales***
- ***Kelly J. Toubl, Vice President of Marketing***

The business employs 5-7 full time and part time employees.

About Our Birds

All of our birds are all natural, free range game birds. We have NEVER used hormones or other chemical stimulants in the production of our game birds. We assure YOU that your trust will be well-placed in US!

Specialty Items

Pheasant Egg Rolls

Our Pheasant Egg Rolls are a unique item originated by our company. What's more "Chinese" than an egg roll or a pheasant?

How about our PHEASANT EGG ROLL?

Loaded with pheasant meat and chopped garden-fresh vegetables, our egg rolls make for scrumptious appetizers or an entrée. Available fully cooked throughout to just heat and serve OR with cooked ingredients so you can just thaw and deep fry. Packed 4 egg rolls per tray.

Pheasant and Wild Turkey Snack Sticks

We have expanded our food offerings to include snacks because everyone likes snack sticks!

Our snacks are processed from our free range wild turkey or pheasant meat. They are SHELF STABLE —

require NO REFRIGERATION!

We can supply our snacks currently in five different flavors: Mild Hickory, Zesty Hickory, Teriyaki, Barbeque, Tex-Mex.

Breast Sausage & Summer Sausage

Our sausage chubs are processed from our wild turkey and pheasant boneless breast or thigh meat. We custom process our vacuum-stuffed chubs in Teriyaki, Tex-Mex, Regular, Summer, and Jalapeno Flavors. Vacuum packaged.

Smoked Whole Game Birds

Smoked Pheasant

This product is our customers' favorite! Fully cured and seasoned, our pheasant is slowly smoked to perfection, providing a delicious product to carve for hors d'oeuvres or to serve as a main entrée. We use only 100% pure hickory chips and no artificial liquid smoke. Vacuum bagged and case-packed in 1/2 pound increments ranging from 1.5 to 3

pounds. Please refer to our price list for further information.

Smoked Wild Turkey

Wild Turkey graced the Pilgrims' tables at the first Thanksgiving meal. This is America's largest original upland game bird raised and processed by us under controlled conditions to provide you with an exceptional gourmet feast. Our fully cured and cooked wild turkeys are boxed individually and range in size from 5 to 8 pounds.

Hickory Smoked Quail

Our hickory smoked quail are becoming more popular every year. We painstakingly process them to look and taste absolutely delicious. Quail are vacuum packed 4 per tray and weigh about 3 oz. each.

OUR GAME BIRDS

We sell products equal in status to USDA Grade A. Currently, even though “game birds” are exempt from the Poultry Products Inspection Act, all of our game birds are processed under voluntary State of Wisconsin Meat & Poultry Inspection. This service requires us to pay on an hourly basis and it adds to the cost of production, but it is well worth the assurance of wholesomeness to our customers. None of our products is derived from birds which have been exposed to diets containing growth-stimulating hormones or chemicals. Our Wisconsin Plant #430 operates under USDA HACCP certification.

We are committed to selling MEAT and NOT EXCESS FAT. Of course, our birds still retain the normal minimal fat deposition areas. This is necessary in maintaining moisture in the meat while cooking. Proper growing and finishing diets, along with generous outdoor ranging space ensure that our birds reach a timely market weight without sacrificing table appearance and their innate healthful qualities.

Remember, we have been supplying this market since 1969. We know what you want!

OVEN READY GAME BIRDS

Free Range Pheasants

After many years of intense genetic selection, we have arrived at a table bird that exhibits a greater meat to bone yield. This has been achieved without sacrificing the naturally lean qualities of pheasant meat. We dare you to compare our birds with those of our competitors. Our pheasants are available in cases sorted by 1/2 pound size increments from 1.5 to 4.5 pounds. All birds are vacuum bagged.

Free Range Wild Turkeys

Our captive raised wild turkeys are true progeny of wild turkeys trapped in Nebraska and Missouri years ago. This is THE BIRD that graced the Pilgrims' first Thanksgiving table! It is morphologically and genetically different from its “domestic, earthbound relative” –the broad breasted white or bronze. Its obvious large keel [breast] bone, and its natural inherent succulence is a distinguishing characteristic of this majestic game bird. Oven Ready Wild Turkeys range in size from 4.5 to 13.5 pounds. All birds are vacuum bagged and individually boxed.

Our Quail

We outsource our quail from a reputable processor to assure you of a top quality product. We do our own smoking for the finished product.
